Brad

The system tells me this matter has been set down in the practice day list for this coming Friday 27 October 2006.

Notices will have just been sent to the parties.

Hope this assists.

Dear Brad

Thankyou for your e-mail. I have been away from my office for the last 2 days so apologies for not responding to your phone message.

The registry has just today received the relevant practice note material from Council in this matter. I have asked that the file be referred to the Deputy President with a print out of your e-mail below and to ask whether we should list the matter of the expedited hearing application before the "Practice Day" list for consideration. The Deputy President will direct how the matter should proceed and we will be in touch with the parties in the near future.

Kind regards

I have left you a message to give me a call regarding the recently listed VCAT action (ref no. P2554/2006).

By way of background, we have been working with AAMI to facilitate the proposed establishment of a \$10M 150 seat call centre in Gisborne. This significant investment project will result in over 200 jobs in a regional location. AAMI is negotiating with Nexus Nominees (who is the developer undertaking the office/commercial development in Gisborne and is the applicant for the planning approvals which have been considered by Council) to be a tenant in the proposed new facility. AAMI is working to a timeframe of occupying the new facility in the last quarter of 2007 and subsequently, the planning approvals for the project need to be secured ASAP.

It is my understanding that the Macedon Shire Ranges issued a Notice of Decision to grant a permit for the proposed development, which has been appealed by one party to VCAT.

We are seeking your consideration of an expeditious hearing of this case, given the significant level of capital investment and creation of new jobs in regional Victoria.

I look forward to your response.
